

The 14th Congress of ASNMT in East Asia

November 20th, 2026

Call for Abstracts

The Asian Society of Nuclear Medicine Technology (ASNMT) invites you to submit abstracts of oral and poster sessions for the 2026 Annual Meeting to be held at Arcree HIMEJI (Himeji City Culture and Convention Center), Himeji, Japan on November 20th, 2026.

This year's theme: "The Glorious Way of Nuclear Medicine". Nuclear Medicine Technology is faced with transition by new information technology and theranostic technology. However, there are big chances for jumping up to next stage. We should be accomplished by united efforts to brighten Nuclear Medicine technology in East Asia.

Topics of Interest (including but are not limited to):

1. AI-powered applications in nuclear medicine imaging
2. Advances in SPECT and PET technologies
3. Quality assurance and radiation safety in clinical practice
4. Clinical case reports and diagnostic applications
5. Post-pandemic nuclear medicine education (simulation, hybrid learning, etc.)
6. International collaboration and professional development

Submission Guidelines:

- **Words Limit:** Abstracts for papers should have a limit of 300 words.
- **Submission Deadline:** Abstracts will be accepted by email until 31 July 2026.
